5. Merchant's Responsibility. The Merchant guarantees the accuracy of the particulars furnished to the Carrier by the shipper, including weight and measurement and the type of package actually shipped in a sealed container. The Merchant warrants that the Goods are safely and securely packed in containers and warrants that it has fully disclosed the number of packages packed by it or its agent inside the container and agrees that the „package“ for limitation purposes, if any, shall be any palletized or unitized assembled assembly of cargo, including any palletized and/or unitized for the convenience of the Merchant, regardless of whether said pallet or unit is disclosed on the face hereof. The Merchant agrees to be liable for, and shall indemnify and hold harmless the Carrier, and the Carrier shall have a lien on the Goods for any kind of property damage or personal injuries caused by the contents of said container(s) at any time, to property (including cargo on board the Vessel) or to persons, also for any loss, damage, delay or expense whatsoever including legal fees and expenses, resulting from any failure of the Merchant, or its agents, to comply with provisions of this paragraph or of Paragraph 5, above.

7. Duration of Liability, Port to Port Transport, Reconditioning of Goods and Repair of Containers, Carrier's Lien. The Carrier's custody or responsibility for Goods shall not commence until the Goods are received by the Carrier at port of loading, or place of receipt, if intermodal carriage is contracted for, regardless of whether a Dock Receipt is issued on behalf of the Carrier. Delivery of Port-to-Port shipments shall take place at the place of loading (the Vessel) or at the wharf, pier, craft or other landing place. The Merchant shall check vessel's arrival with Carrier's agent and be ready to take delivery as soon as Goods are landed, including Saturdays, Sundays and holidays. Carrier shall not be responsible for failure to notify Merchant of vessel's or cargo's arrival. Where Goods are, according to custom of the discharge port, turned over to port authorities or stevedores or watercraft not employed by Carrier, delivery to such authorities, stevedores or watercraft shall be considered final delivery to Merchant. If the Merchant fails to take delivery of the Goods as provided herein, containers may be unstaffed and the Goods stored at the risk and expense of the Goods and after 30 days may, at option of the Carrier, be deemed abandoned and thereafter, sold for the account of whom it may concern. The Merchant shall be liable for and shall indemnify the Carrier and Vessel, and the Carrier shall have a lien on the Goods or their proceeds for all expenses, including

but not limited to expenses for storage, sale, cooping, repairing, fumigating, repacking or reconditioning the Goods. Carrier shall also have a lien on the Goods for all expenses incurred in repairing containers damaged while in the custody of the Merchant, for demurrage on containers, for terminal storage charges and for all legal fees and expenses incurred in connection with the enforcement of any provision of this Bill of Lading. The Carrier's lien shall survive delivery of the Goods and may be enforced by private or public sale without notice.

8. Scope of Voyage, Delay, Consequential Damage. The scope of voyage herein contracted for may or may not include usual or customary or advertised ports of call whether named in this contract or not. The Carrier is at liberty to call at any port upon the voyage. The Merchant undertakes to pay for the cargo on any particular vessel, date or time. Advertised sailings and arrivals are only estimated time, and such schedules may be advanced or delayed without notice. In no event shall the Carrier be liable for any consequential damages or for any delay in scheduled departures or arrivals of any vessel or other conveyances used to transport the Goods by sea, land or air. Notwithstanding the foregoing, if the Carrier is held liable for delay or any consequential damage by a court of competent jurisdiction then such liability shall be limited by application of paragraph 14 below.

9. Liberties. In any situation whether existing or anticipated before commencement or during the voyage, including political turmoil, strikes and work stoppages or bad weather, which, in the Carrier's or Master's judgment, may give rise to risk of damage, delay or disadvantage to the vessel, her cargo or persons aboard, or make it imprudent to begin or continue the voyage, or to enter or discharge at any port, or give rise to delay or difficulty in arriving or leaving any port, the Carrier may decline to receive, keep, or load the Goods or may discharge the Goods at any safe port, or retain the Goods on board until the return trip or such time as the Master thinks advisable, or may forward or tranship the Goods by any means, but always at the risk and expense of the Goods, or may require the Merchant to take delivery at port of shipment or elsewhere, and if Merchant fails to do so promptly, the Carrier may store the Goods at the expense and risk of the Goods or invoke the provisions of Clause 7, above. The Carrier, in making any arrangements for transhipment by any means of transportation not operated by it, shall be deemed the AGENT of the Merchant without any other responsibility whatsoever. The on carriage shall be subject to the terms of the on carrier's current regular form of bill of lading, tariff, rail circular or other contract, whether issued or not, even though such terms may include a lower limitation of liability or otherwise be less favourable to the Merchant than the terms of this bill of lading, which shall operate only as a receipt or document of title (if negotiable) after transhipment has taken place. Pending or after transhipment, the Goods may be stored ashore or afloat at the risk and expense of the Goods until collected by the Merchant. Any and all liability of the Carrier incurred in connection with transhipment shall, in all respects, be subject to the terms and conditions contained herein, including but not limited to Clause 14, Limitation Per Package or Freight Unit. In the event that it cannot be determined where loss or damage to cargo has occurred, it is agreed as between the Carrier and the Merchant that the damage shall be deemed to have occurred on board the vessel.

11. Goods Not Identifiable. Goods not identifiable by marks or numbers shall be allocated for completing delivery to the various consignees of Goods of like character in proportion to any apparent loss or damage. Any loss or damage to combined shipments of bulk cargo shall be apportioned among them.

12. Freight and Charges, Carrier's Lien. Freight may be calculated on the basis of the Shipper's Particulars but the Carrier may, without notice to Merchant, open the containers or packages and examine, weigh and measure the Goods to verify freight charges, and if such particulars are found to be erroneous and additional freight is payable, the Merchant shall be liable therefore and also for any expense thereby incurred. Full freight to the named port of discharge and other charges (including charges by air carriers) shall be completely earned on receipt of the Goods by the Carrier, whether prepaid or collect, and the Carrier shall be entitled to all freight and charges; and any extra expenses incurred in respect of the Goods, whether actually paid or not, and to receive and retain them under all circumstances, vessel arrival or cargo loss or damage, or the voyage changed, broken up, frustrated or abandoned. All unpaid freight and charges shall be paid in full, without offset, counterclaim or deduction, in the currency of the port of shipment or, at Carrier's option, of the port of discharge. The Carrier shall have a lien on the Goods, for all freight charges, and sums referred to herein and may enforce this lien by public or private sale without notice and shall be entitled to recover all expenses and attorney's fees. The Carrier's lien shall include any sums owed by Merchant to Carrier, regardless of whether such charges were incurred on the voyage covered by this Bill of Lading. Carrier's lien shall survive delivery of the Goods and shall apply to the proceeds of any sale of the Goods.

The Shipper, Consignee and owner of the Goods and holder hereof shall be jointly and severally liable to the Carrier for the payment of all freight and charges and for the performance of the obligations of each of them hereunder. Any freight broker, forwarder, person, firm or corporation engaged by any party to perform forwarding services or cargo loss or damage, or the voyage changed, broken up, frustrated or abandoned. All unpaid freight and charges shall be paid in full, without offset, counterclaim or deduction, in the currency of the port of shipment or, at Carrier's option, of the port of discharge. The Carrier shall have a lien on the Goods, for all freight charges, and sums referred to herein and may enforce this lien by public or private sale without notice and shall be entitled to recover all expenses and attorney's fees. The Carrier's lien shall include any sums owed by Merchant to Carrier, regardless of whether such charges were incurred on the voyage covered by this Bill of Lading. Carrier's lien shall survive delivery of the Goods and shall apply to the proceeds of any sale of the Goods.

The Shipper, Consignee and owner of the Goods and holder hereof shall be jointly and severally liable to the Carrier for the payment of all freight and charges and for the performance of the obligations of each of them hereunder. Any freight broker, forwarder, person, firm or corporation engaged by any party to perform forwarding services or cargo loss or damage, or the voyage changed, broken up, frustrated or abandoned. All unpaid freight and charges shall be paid in full, without offset, counterclaim or deduction, in the currency of the port of shipment or, at Carrier's option, of the port of discharge. The Carrier shall have a lien on the Goods, for all freight charges, and sums referred to herein and may enforce this lien by public or private sale without notice and shall be entitled to recover all expenses and attorney's fees. The Carrier's lien shall include any sums owed by Merchant to Carrier, regardless of whether such charges were incurred on the voyage covered by this Bill of Lading. Carrier's lien shall survive delivery of the Goods and shall apply to the proceeds of any sale of the Goods.

13. General Average and Salvage. General Average shall be adjusted, stated and settled in New York according to York Antwerp Rules 1994 excepted Rule XXII (or any subsequent amendments thereto) and, as to matters not therein provided for, according to the laws and usages of New York. Average agreement or bond and such cash deposit (payable at Carrier's option in United States currency) as the Carrier may require as additional security for the contribution of the Goods and salvage and special charges thereon, shall be furnished before delivery. In the event of accident, danger, damage or disaster, before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible by statute, contract, or otherwise, the Goods and the Merchant shall, jointly and severally, contribute with the Carrier in General Average to the payment of any sacrifices, losses, or expenses of a General Average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the Goods, as determined by a duly appointed independent General Average adjuster, and his determination as to liability for General Average contribution and his computation for the same shall be final and binding on all parties to the venture. If a salvaging ship is owned or operated by the Carrier, salvage shall be paid for as fully and in the same manner as if such salvaging ship or ships belong to strangers.

14. Limitation Per Package or Freight Unit. In case of any loss or damage to or in connection with Goods or deck cargo exceeding in actual value \$500, lawful money of the United States, per package, or in case of Goods not shipped in packages, per customary freight unit, the value of the Goods shall be deemed to be \$500 per package or per customary freight unit and the Carrier's liability in any capacity including as agent for arranging or carrying, if any, shall be determined on a value of \$500 per package or per customary freight unit. The Merchant may avoid the application of the package limitation by declaring the full value of the Goods to the Carrier, on the face hereof, at the time of booking, and by tendering an additional freight charge to Carrier, in accordance with the Carrier's Tariff. **Merchant's failure to tender payment of additional freight will render any declaration null and void.** Entry of a declared value on the face hereof shall have no force or effect without Merchant's payment of additional freight charges. In the event that the actual value of the Goods per package or per customary freight unit shall exceed such declared value, the value shall nevertheless be deemed the declared value and the Carrier's liability in any capacity, if any, shall not exceed the declared value. In no event shall the Carrier be liable for any amount in excess of the actual value of the Goods.

15. Limitation of Liability and Fire Statutes. The Carrier whether owner, Charterer by demise or time or voyage Charterer of the vessel shall be entitled to the full benefit of, right to, all limitations of, or exemption from, liability contained in Sections 4281 to 4286 both inclusive of the Revised Statutes of the United States, and amendments thereto, and any other provisions of the laws of the United States or of any other country whose laws shall apply. Nothing in this bill of lading shall operate to deprive the Carrier of any statutory protection or exemption from, or limitation of, liability, which would have been applicable in the absence of any terms set forth herein, or to increase its responsibilities or liabilities under any statute.

16. Notice of Loss, Time Bar, Law and Jurisdiction. Notice of loss or damage or any other claim of whatsoever description and its general nature must be given in writing to the Carrier or its agent at the port of discharge or place of delivery before or at the time of the removal of the Goods into the custody of the person entitled to delivery. If the loss or damage is not apparent, written notice must be given within

three days of the delivery. In any event, the Carrier, the Vessel and others mentioned receiving the protections of this Bill of Lading, shall be discharged from liability in any capacity unless suit is brought within one year after delivery or the date when Goods should have been delivered under a port-to-port bill of lading. In the case of a combined transport bill of lading where loss and/or damage occurs during any non-marine portion of the transport, notice of loss must be made and suit must be brought within the time period provided by the Participating Carrier's bill of lading or regular form contract of carriage and/or applicable tariff, even if such time period is less than one year. All law suits alleging any claim, causes of action or any dispute whatsoever, arising under or in connection with this Bill of Lading shall be brought in the High Court of London and English law shall apply. Notwithstanding the foregoing, if this Bill of Lading is issued for a shipment to, from, or through a port of the United States of America, then suit shall be subject to the sole and exclusive jurisdiction of the United States District Court for the Southern District of New York, and U.S. law, including U.S. COGSA, 1936, and its \$500 limitation shall be applied in such suits. By entering into this Bill of Lading contract, Merchant agrees to submit itself to the jurisdiction of either said court and waives any defence of lack of personal jurisdiction.

17. Both to Blame Collision. If the vessel comes into collision with another vessel or vessels or any other object, as a result of fault or negligence on the part of the other vessel or other object, or of those charged with the operation or maintenance thereof, and any act, neglect or default of the Master, pilot, mariners or servants of the vessel in the management of the vessel, the Merchant will indemnify the Carrier against all loss or liability to other vessels or carrying vessels or other objects or her, its or their owners insofar as such loss or liability represents loss of, damage to, or any claim whatsoever of said Goods or the owner thereof, paid or payable by the other or non carrying vessel or vessels or other objects, or subject to set off, recoupment or recovery by the other non carrying vessel or vessels or other objects or her, its or their owners as part of their claim against the carrying vessel or Carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any vessel or vessels or objects other than or in addition to, the colliding vessel or vessels are at fault in respect of a collision or contact. This clause is to remain in effect in other jurisdictions even if unenforceable in the Courts of the United States of America.

18. Combined Transport. If „Place of Receipt“ and/or „Place of Delivery“, Boxes (5) and (9) on the face hereof, are filled out, and the applicable freight is paid, this is a Combined Transport Bill of Lading. Where, in case of Combined Transport, the loss or damage has occurred during the non maritime part of the carriage (during land or air carriage), the liability of the Carrier in respect of such loss or damage shall be determined:

a) by the provisions contained in any international convention or national law applicable to the means of transport utilized, if such convention or law would have been compulsorily applicable in case a separate contract had been made in respect to the particular stage of transport concerned, or

b) where no international convention or national law would have been compulsorily applicable, by the Participating Carrier's contract of carriage, including any limitations and exceptions contained therein, which contract the Merchant and the Carrier adopt and incorporate by reference, it being the intent of the parties that the Carrier's rights and liabilities shall be commensurate with those of the underlying Participating Carrier, or

c) if any court shall determine that no international convention or national law would have been compulsorily applicable to the facts of the case, then the Carrier's liability, if any, as referred to in the Participating Carrier's contract of carriage or where said Participating Carrier does not have a contract of carriage, or if it cannot be determined where the loss or damage occurred, then it is contractually agreed as between Merchant and Carrier that the Carrier's liability shall be determined as if the loss and/or damage complained of took place while on board the vessel.

IN NO EVENT SHALL THE MAXIMUM LIABILITY OF THE CARRIER EXCEED TWO (2) SPECIAL DRAWING RIGHTS (SDR) OF THE INTERNATIONAL MONETARY FUND PER KILOGRAM OF THE CARGO LOST OR DAMAGED.

The Carrier, in making any arrangements for combined carriage by any means of transportation not operated by it, shall be deemed the AGENT of the Merchant without any other responsibility whatsoever.

19. Refrigeration, Heating, Insulation, or Ventilation. Special containers or cargo space with refrigeration or heating or insulation or mechanical ventilation shall not be furnished unless specifically contracted for on the face of this Bill of Lading and extra freight paid. If a carriage temperature is noted on the bill of lading, the Merchant shall deliver Goods to the Carrier at plus or minus 2 Degrees C of the noted temperature, and the Carrier shall exercise due diligence to maintain such temperature, plus or minus 2 Degrees C while the Goods are in its possession. The Carrier shall not be responsible for control and care of refrigeration units on containers when such containers are not in the actual possession of the Carrier. It shall be the responsibility of the Merchant to inspect any refrigerated, ventilated or mechanical container upon receipt, before loading Goods into said container. Merchant's acceptance and use of any tendered container shall constitute Merchant's agreement that the tendered container was fit for all purposes and in good working condition. IT IS THE MERCHANT'S OBLIGATION TO SET THE TEMPERATURE CONTROLS ON THE CONTAINER AT THE REQUIRED CARRYING TEMPERATURE PRIOR TO TENDER TO THE CARRIER. Carrier does not undertake to deliver empty refrigerated containers to Merchant at any specific temperature and will not accept any container loaded by the Merchant for shipment that is not set at the contracted carrying temperature. The Carrier does not warrant refrigeration machinery but shall exercise reasonable care in its operation and maintenance while in the actual possession of the Carrier. Carrier will not accept responsibility for the recording of temperatures in any form other than any Reefer Log Book maintained on board the carrying vessel. Carrier will not guarantee compliance with any governmental program or protocol unless noted on the front hereof and unless additional freight is paid.

20. U.S. Trade Routes. If this Bill of Lading is issued for carriage originating in, transhipped through or delivered at any place in the United States of America, then this Bill of Lading shall be exclusively subject to the United States Carriage of Goods by Sea Act and nothing contained herein shall constitute a waiver by the Carrier of any of the rights, defenses and limitations contained in said Act. Specifically and without limitation, any claim for damage and/or loss of cargo shall be subject to the US\$500.00 limitation contained in the U.S. Carriage of Goods by Sea Act and nothing herein shall constitute an agreement by the Carrier to increase said limitation amount on its own behalf or on behalf of any other party to which the protections of this Bill of Lading are extended.

The terms and provisions of the United States Federal Bill of Lading Act or any amendments thereto („Pomerene Act“) are hereby incorporated into this Bill of Lading and into any shipment or cargo originating or delivered in the United States of America or its territories or possessions, which is destined for delivery in the United States of America or its territories or possessions, as if said Act was compulsorily applicable to such carriage.

21. Dangerous Goods. No Goods which are or may become dangerous, inflammable or damaging (including radioactive material), or which may become liable to damage any property whatsoever, shall be tendered to the Carrier for carriage without the express written consent of the Carrier and without the container or other covering in which the Goods are to be carried as well as the Goods themselves being suitably marked on the outside so as to indicate the nature and character of any such Goods and so as to come within any applicable laws, regulations or requirements. If any such Goods are delivered to the Carrier without such written consent and/or markings, or if in the opinion of the Carrier the Goods are or are in the future liable to become dangerous, inflammable or damaging, they may be at any time destroyed or disposed of, or abandoned or rendered harmless without notice and without compensation to the Merchant and without prejudice to the Carrier's right to freight and the Carrier's right to seek damages for any loss or expense associated with the Goods, including reasonable attorney fees. The Merchant undertakes that such Goods are packed in a manner adequate to withstand the risks of carriage having regard to their nature and compliance with all laws or regulations which may be applicable to the carriage.

Whether or not the Merchant was aware of the nature of the Goods, the Merchant shall indemnify the Carrier against all claims, losses, damages and expenses arising in consequence of the carriage of such Goods, including but not limited to damage to the Vessel, property of the Carrier and its agents and servants as well as cargo belonging to other parties. Merchant shall indemnify and hold Carrier harmless in the event that Merchant's cargo is used to forward and/or transport any materials of a terrorist nature.

Nothing in this Clause shall act to deprive the Carrier of any right, limitation and/or exception appearing herein or available to it at law.

22. Separability of Terms. Final Contract. The terms of this bill of lading shall be separable and, if any term or provision hereof or any part of any term or provision shall be invalid to any extent, it shall be invalid to that extent, but no further and such circumstance shall not affect the validity or enforceability of any other term or provision hereof. This bill of lading is the final contract between the parties which supersedes any prior agreement or understanding, whether in writing or verbal. This bill of lading and its terms and conditions may not be changed orally and any undertaking to do so by Carrier or its agents, etc. shall be void.
