

## **We mourn the loss of Jörg Conrad**

It is with great regret and sadness that we have to inform you of the passing of Jörg Conrad.

Our CEO was hospitalized a few weeks ago and finally passed away on Sunday morning. His death, which was completely unexpected for us, is a painful loss for the family and Leschaco. His life's work and the achievements he made during his 30 years at the helm of the company will be remembered. What will remain is the deep bond we all had with Jörg Conrad during this time and for the wonderful person and soul he was.

In recent years, Jörg Conrad developed the Leschaco Group into one of the leading logistics service providers in the field of chemicals, dangerous goods and tank container logistics. Last year, he initiated the generational change by handing over the majority shares to his children Charlotte Palermo and Constantin Conrad. He was CEO and responsible for the business units Tank Container, Airfreight, Contract Logistics, Legal and Insurance as well as the terminal in Emden, Germany, until the end.

For many years, he contributed his experience in the logistics market and his international contacts to numerous honorary positions in the industry and the community, enriching them with his entrepreneurial knowledge. For example, he was Honorary Consul of the United Mexican States in the State of Bremen, a member of the Haus Seefahrt, the state board of trustees Bremen of Stifterverband Wissenschaft und Technologie and a member of the advisory board of the school for Wholesale, Foreign Trade and Transport in Bremen and at Bremenports.

In silent mourning  
The Management Board
